DST Health Solutions' Curt Palmer Appointed to HSA Council

Palmer Joins Key Industry Leaders Seeking to Increase Adoption of Health Savings Accounts through Public Policy Advocacy and Innovative Solutions

BIRMINGHAM, Ala., November 18, 2008—DST Health Solutions, a leading provider of consumer-directed healthcare solutions, today announced that Curt Palmer, senior vice president of consumerism, has been appointed to the Health Savings Account (HSA) Council, a partnership of the American Bankers Association and its insurance affiliate, the American Bankers Insurance Association.

"The importance of technology to the consumer-directed healthcare revolution can't be overstated," said Kevin McKechnie, staff director of the HSA Council. "It is a mission-critical component to delivering coordinated healthcare management solutions, and DST Health Solutions has been a leader in the field. The addition of Curt Palmer to the Council underscores our dedication to finding the knowledge leaders in the industry to help guide our public policy choices."

The HSA Council was formed in 2005 to identify public policy hurdles and propose solutions to decision-makers in Congress for increasing the adoption of health savings accounts in the health insurance market.

"Curt Palmer's vision has positioned DST Health Solutions as an innovative leader in the consumer-directed healthcare market," said Steve Sabino, president of DST Health Solutions. "This appointment is an honor for Curt and our company."

Palmer has more than 26 years of experience in healthcare and employee benefits. He is responsible for the strategic development of DST Health Solutions' industry-leading consumer-directed healthcare programs and administration solutions.

DST Health Solutions' Advanced Consumer-Directed Healthcare solution provides a robust transaction engine that manages administrative processing for HSA, Health Reimbursement Account (HRA) and Flexible Savings Account (FSA) products. The solution helps integrate claims systems and banking systems to automate enrollment management; fund sequencing and usage options; rollover allocation; reimbursement requests; and fund deposits and payments.
